

Brian joined the board at the start of 2020. As a board member, proud resident of Kemptville, and father of two young sons who go to school in town, he looks forward to ensuring a sound financial future for the centre, supporting and empowering local youth, and playing lots of table tennis, foosball, and basketball with the youth. He believes KYC serves as an important base camp for youth as they branch out to do great things in their homes, schools, and community. Brian chose teaching as a career 20 years ago and continues this vocation with the Ottawa Carleton District School Board.
