

Jason was born in New Brunswick, went to university in Halifax, Nova Scotia, and then spent the next 10 years chasing the internet around the country and landing in Ottawa. He moved to Kemptville in 2006, and was happy to get a little further away from the hustle and bustle of the city life. He's a father of three children who are rapidly approaching nest-desertion age, and is always happy to lend a hand where needed (and his wife is always happy to get him out of the house).

Jason works in software development, and practices martial arts, prop building, turtle farming and landscaping / building maintenance.
